

The Listening Service

Do you have listening experience?

Are you a good listener?

The Listening Service is seeking volunteers across Aberdeen City.

If you would be interested in helping people to rediscover their strength, and find hope when they share what's on their mind with someone who has the client at the heart of the session, then this role might be for you. As part of the Spiritual Care Department, our volunteers receive:

- ❖ **Full training provided**
- ❖ **Ongoing supervision and support**

We are looking for individual who are able to provide ½ day per week commitment, with days and times flexible. Volunteers are also based within GP practices across Aberdeen City.

Training is scheduled to take place in Aberdeen City in November, with interviews happening in September.
