TO ACCESS THE SURVEY:

# CALL FOR PARTICIPANTS

## WHAT DOES “DISCIPLESHIP” MEAN TO MEMBERS OF THE CHURCH OF SCOTLAND?

I am Dr Helena Cundill at the University of Aberdeen’s Centre for Autism and Theology. As part of a wider research project called **“How does ADHD impact Christian Discipleship?”** I would like to find out about people’s everyday understanding of discipleship. Would you be interested to tell me:

- What does the term “discipleship” mean to you? And what does your personal discipleship involve?

Are you aged 18+ and attending services in the Church of Scotland?

Would you be willing to complete a short (10 minutes) survey on this topic?

If so, please scan the QR code above, or [Click Here](#) to begin the survey.

You do not need to have ADHD to take part in this survey - I want to hear from everyone! However, you will be asked to say (anonymously) whether you have ADHD and/or another neurodivergence. This is to help me with analysing the survey responses.

FOR MORE INFORMATION, YOU ARE WELCOME TO CONTACT ME:
