

What We Do:

- Regular **online training events** such as 'Autism in the Church Family' and 'Worship for All'
- **In-person training** at your church which can be one of our existing course or bespoke to your situation
- **Workshops** at conferences
- **Continuing Professional Development**
- **Support you to run a group** especially for adults with learning disabilities to worship, pray and explore the Bible together.

How We work:

We aim to make our training very affordable for churches or individuals wishing to do our courses - cost should not be a barrier. We work with all sorts of churches, anywhere in Scotland - contact us for details, we'd be happy to help you!

A church that is more accessible to people with learning disabilities is more accessible to everyone.

We aim to equip churches to be more effective in how they welcome people with learning disabilities and share the good news about Jesus in a way that can be understood.

Training for Churches

Jesus is Central Everyone matters

Autism in the Church Family

Are you interested in knowing more about autism and faith? Are you looking to welcome, support and include autistic people in your church? This 2 hour session covers:

- What is autism?
- How do autistic people feel, connect with and see the world differently?
- Communication
- Strategies for churches
- Growing in faith
- Stories
- Time for your questions

Training notes & Resources

Offering Bereavement Support to Adults with Learning Disabilities

This session accompanies our 50 page booklet 'Has Someone You Loved Died?' It is our response to the spiritual and pastoral needs of adults with learning disabilities, especially during times of loss and grief.

Death is faced, but also the hope that God walks with us in difficult times. Verses from the Bible and prayer is woven throughout, offering gentle spiritual care.

A short session to introduce the booklet and to think how we might communicate and support this difficult topic in simple, visual and open ways. There will be a chance to ask questions and talk.

Worship for All

In this 2 hour session we learn about learning disabilities and what the Bible has to say. We cover many practical issues and share ideas which could be easily incorporated into Sunday worship, or used to hold fully inclusive services. We have many years of experience of this in Prospects and love sharing this unique and beautiful way of worshipping together. Notes and resources provided.

Worship for All really is that! When we open up worship for people with learning disabilities, many others benefit too - children, new Christians, those who find traditional services difficult due to a variety of health issues or life stages - as one church leader said recently **'That was the best service we've had in ages!'**
